- Data Protection Act 2018
- United Kingdom General Data Protection Regulation
- Equality Act 2010

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that is connected with this policy.

## St David's College Admissions Policy

St David's College is an independent co-educational day and boarding school for years 5 to 13 with a Christian religious designation. It may set its own admissions criteria and is not subject to admissions law as would apply in a maintained school. Deciding on the right school for your child is very important. We believe that a personal visit to see the school in action on a normal working day will allow you to appreciate the very special provision that the school gives to all its pupils. Your visit will give you a relaxed personal tour of the school and a chance to chat with various members of staff who can answer any of the questions you may have. There are also a number of Open Days which give a general introduction to the school. Details are published on our website. For a visit to the school you should contact the Admissions Office.

## The application process

Parents/guardians and pupils are encouraged to visit the school on an Open Morning if possible prior to arranging an interview.

If the parents/guardians feel that St David's College may be an appropriate school for the education of their child, then they should contact our Admissions Office. You will be asked to complete a Registration Form and pay a Registration Fee of £150. Copies of recent school reports should be provided along with any ALN information as relevant. Educational Psychologist Reports and other documentation for Additional Learning Needs will be reviewed by our SEN Department. If appropriate our Admission Office will invite you to bring your son/daughter to visit the school and meet the headmaster.

St David's is a non-selective school that offers a mainstream curriculum but has a specific emphasis of facilitating the learning of students with Additional Learning Needs. We prefer

to offer places to pupils who we feel will benefit from our whole person education approach, are capable of accessing a mainstream curriculum, will not be detrimental to the learning of other pupils in the school and are prepared to equally contribute to the life of the school.

Our aim is to encourage applications from candidates with as diverse a range of backgrounds as possible. This enriches our community and is vital in preparing our pupils for today's world. Bursaries available on application.

We welcome pupils with Additional Learning Needs. The school has an international reputation for its provision in Additional Learning Needs. Additional information is available from the school.

The headmaster or a representative will meet with the applicant and parents/guardians for around two hours and this will consist of a tour if required, meeting teachers and current pupils, and an interview conducted by the headmaster or a representative in the presence of the parents or guardians.

St David's College is not academically selective so no exam or test is used as part of the application process.

The headmaster will make a decision on whether to offer a place based on the interview and the provided paperwork. The headmaster may call references from the applicant's current/previous school. The Headmaster may insist on some taster days before a decision can be made.

The headmaster will write to the parents shortly after the interview with the outcome of the application. If a place has been offered then a pack is sent that includes terms and conditions, data protection policy, child protection policy and formal contract.

If the parents wish to accept the offer of a place then the acceptance form needs to be returned along with the deposit.

The school is happy to offer 'taster days' to any parents who request this in order for them to make a decision about the placement.

### **BURSARIES**

St David's College bursary programme is designed to make it possible for as many as possible of those who meet the entry criteria to take up a place here. The School offers means-tested awards annually to entrants at the usual points of entry, where the parents have indicated on the Registration Form that they require financial support. Bursaries are means-tested in accordance with the criteria published on the School's website. Both parents are required to provide proof of their income and assets. The level of support varies according to parental need; but can extend to a significant % in cases of proven need. Before the offer of a bursary is confirmed, a member of staff will normally visit the family at their home.

Bursaries are always offered for 12 months at a time. The family is required to provide fresh information about its circumstances for every year that their child attends the School. Levels of support may vary with fluctuations in income or wealth. Bursaries are only offered to families who are resident in the UK. The School's practice is to allocate its entire available bursary funding on entry. The School's expectation is that parents who do not choose to apply for a bursary at the time that their child is being assessed will not require financial support throughout the time that their child attends the School, except in wholly unforeseen circumstances.

Our bursary policy can be viewed on our website or can be obtained from the bursar/admissions secretary.

A bursary may be withdrawn in accordance with the terms upon which such award is made or in accordance with the School's Terms and Conditions.

The School holds a bursary fund and applications for bursary assistance are made to the Bursar.
